White Park - Concord, NH

www.blackicepondhockey.com

Welcome!

Welcome to Concord, New Hampshire for the 1883 Black Ice Pond Hockey Championship. The event will again be held at White Park, one of the oldest municipal parks in the State of New Hampshire. The Park was also placed on the National Register of Historic Places in 1982. We hope that you enjoy this organized pond hockey experience on the pond where so many Capital City Area kids learned how to skate for the first time.

The Black Ice Pond Hockey Tournament now in its 4th year has captured the interest of the entire city. This weekend has become the unofficial winter celebration and social gathering. The positive response from so many businesses supporting the event has allowed us to give over $80,000 to date, back to the community.

Each of the 89 teams will compete in one of 6 divisions separated by age and ability. Each team is scheduled to play a total of 4 games, two on Friday and two on Saturday, with the hopes of making it to Sunday's Semifinals and Finals. Those teams, who are fortunate enough to be called 2014 Black Ice Champions, will also earn the coveted "Hobey Stick". The sticks are crafted out of ash by W.S. Dennison and engraved by Mark Ruddy both of Concord are a great showpiece of hockey and the greatest amateur hockey player. For more details on Hobey Baker's career at St Paul's you can check out our website at www.blackicepondhockey.com.

White Park is settled in a neighborhood in the middle of Concord. We ask that you please respect people's property. Parking is allowed on ONE SIDE of the city street around White Park, please obey the signs. There will be plenty of parking in the park. Please use the designated parking spaces in the paved parking lot as well as the parking available on the grass plowed areas around the pond. Our friends at the UNH School of Law, next to White Park have made their parking lot on Washington Street available to the players after 4pm on Friday and during the tournament on Saturday and Sunday. The Black Ice Shuttle provided by Patsy's Bus Sales of Concord will be available for all players on an "on call" basis. The shuttle will be able to deliver players and guests to the Official Main Street Restaurants and Official Hotels. If parking becomes an issue we hope to have the ability to use the shuttle for off site parking. Parking will be a premium, Concord residents are reminded to car pool!

Open container and public consumption of alcohol is not permitted in White Park, as well as, the city streets. Public intoxication is not allowed in the city parks either. Please be smart!

We are all gathering to enjoy hockey in the purist form and bring us back to the roots of where the game started, in Concord, and on the pond. The 1883 Black Ice Pond Hockey Association, a non-profit entity has a mission to help maintain and expand ice skating opportunities throughout the City of Concord. Concord, like many northern cities, had ponds and sheets of ice maintained in many city parks for the public to use. But over the years budgets were trimmed and those skating opportunities went away. The Black Ice contributions have brought many of those skating opportunities back, as well as, assisting entities like Concord Youth Hockey to make the initial hockey experience more affordable. (We hope that we can expand this opportunity to many areas in the city in the future). We can only wish for great weather, but we all embrace the experience.

Enjoy!
The 1883 Black Ice Pond Hockey Association

White Park Improvements

In the fall of 2009, the 1883 Black Ice Pond Hockey Association was created to develop and run a pond hockey tournament in White Park, Concord, NH. The non-profit entity has a mission to help maintain and expand ice skating opportunities throughout the City of Concord. Two new signs will be unveiled at White Park before this year's Black Ice Tournament. The original "No" skating on the pond sign will be retired. Two new signs will be erected with granite posts and a facsimile of the White Park Bridge on top. The back of this sign will have a history of White Park. The second sign will be erected near the Hockey Rink which will allow people to know if it is open and rules of the rink. The back of this sign will give a brief history of hockey at White Park.

These signs would not have been possible without the generosity of Swenson's Granite Works in Concord, Andy Hodgkins from United Sign Associates and the Black Ice Pond Hockey Association. These two signs will make a great addition to historic White Park.

Pond Hockey Rules & Etiquette

Each of the 89 teams can have up to 7 players on their active roster but are only allowed 4 players on the ice at any time. Games will consist of (2) two 15 minute periods, running time with a 3 minute warm up, and a 3 minute break between periods. There are no goalies in pond hockey; in fact there are no regular hockey nets. Goals are a 6x2 ft. box, made with 2x6 planks, with two 1 ft. slots in the front corners. Goals can only be scored by sliding the puck through the slot into the box. The games will be policed by the players, like a pond or a street hockey game in your youth, where you settled the differences. Sportsmanship is mandatory; any behavior to the contrary will not be tolerated. Fighting is not allowed and will cause the team to have to play a man down for the entire tournament. The player in the fight will not be able to play for the remainder of the tournament. The Tournament will provide a rink monitor who will confirm goals, penalties and possession of the puck. There are no zambonies in pond hockey; it will be customary that the teams vacating the rink from the previous game will shovel the ice shavings off the rink that was just used allowing the new game to have a fresh sheet of ice. Natural pond ice is very different than artificial ice in an arena. Our maintenance crew will be working tirelessly on any ice imperfections to make the experience as enjoyable as possible as well as the Concord Parks and Recreation Department who will be on-site to further sweep each rink as frequently as needed. For a complete look at all the rules and tie-breaker information visit the rules page tab on our website www.blackicepondhockey.com .

BUD LIGHT

Capital City Celebration

This year the Black Ice Pond Hockey Championship is to center piece a city wide celebration. For the 4th year the Long Trail Brewery has produced Black Ice Ale for the tournament. Several Concord Area restaurants have Black Ice on draught in celebration of the 4th annual tournament: The Barley House, Cheer's Bar & Grille, Buffalo Wild Wings, The Common Man-Concord, The Centennial Hotel, The Draft, El Rodeo, The Gaslighter, Makris Lobster & Steakhouse, O's Steak and Seafood, Penuche's, The Red Blazer, T.G.I. Friday's, Tandy's Top Shelf, and True Brew Barista. In addition to pouring Black Ice Ale, The Barley House, Cheers Bar & Grill and Constantly Pizza are the official restaurants of the pond hockey tournament. These restaurants have great promotions, discounts and activity running during the Black Ice Tournament.

Why we do this?

Four years ago when the 1883 Black Ice Pond Hockey Association formed, it recognized an opportunity to acknowledge and celebrate Concord's rich hockey heritage as it moved forward with the planning of the 1st Annual1883 Black Ice Pond Hockey Championship at White Park. This acknowledgment provided a road map to the colorful and distinguished hockey history of Concord which began in November of 1883 at St Paul's School on the Lower School Pond where the first organized hockey game was played in the United States. It was at St. Paul's where Hobey Baker, the best amateur hockey player, honed his skills before enrolling at Princeton University. There were numerous teams and personalities throughout the years that left their mark on Concord but none more famed than the Sacred Heart hockey team. The "Sacre Coeur" played competitively from the early 1930's to 1952. In addition, White Park has been a centerpiece of skating and hockey in the community since 1910 with many programs and leagues on both the pond and the rink. White Park is now the home of the 1883 Black Ice Pond Hockey Championship and the winning teams are presented with the Hobey stick.

Over the past three years, Black Ice has saluted many of Concord's former teams and players and recognized their contribution and place along the hockey map. This year Black Ice would like to acknowledge the dedication and hard work of those that really make it happen, our volunteers, who have worked so tirelessly to make this event the best it can be and possibly to earn a future spot for Black Ice in the distinguished lineage of Concord hockey history. From the first puck drop in 2011 people observed and commented that the event was a "magical experience". It brought players and spectators back to the roots of their childhood where friendships and memories were nurtured at the various activities associated with White Park… sledding, skiing, skating, winter carnival, outdoor hockey games, Sunset League baseball games, just to name a few. The Black Ice Pond Hockey Championship has continued that by providing an opportunity to reminisce with old friends, teammates and family. It has given this hardy New Hampshire town the excuse to come of hibernation, to brave the cold winter weather (hopefully) and enjoy why we live here.

The 2014 Tournament will bring 89 teams and 620 players, many with Concord roots, back to the pond at White Park for some friendly competition. When not competing, players will be staying in hotels, eating in restaurants and spending money in the local community. Black Ice has contributed to making Concord a winter destination, if only for a weekend. The event will utilize over 100 volunteers, many who have taken personal vacation time from their employment, to implement this venture and without which there would be no Black Ice Pond Hockey Tournament. These die hard volunteers spend the day on Thursday converting White Park Pond into 8 separate hockey venues and maintain the ice surfaces throughout the weekend. In addition, volunteers monitor each game on every rink, help with scoring, concessions, merchandise sales, and finally break it all down on Sunday and pack it up for the following year. Our volunteers will put in countless hours to make this event something we can all be proud of. It may just seem like a pond hockey tournament to some, but to many it is the opportunity to give back to the community, a place where countless great memories and friendships lie. The 1883 Black Ice Pond Hockey Association salutes and thanks our volunteers.
