**Welcome!**

Welcome to Concord, New Hampshire for the 1883 Black Ice Pond Hockey Championship. The event will again be held at White Park, one of the oldest municipal parks in the State of New Hampshire. The Park was also placed on the National Register of Historic Places in 1982. We hope that you enjoy this organized pond hockey experience on the pond where so many Capital City Area kids learned how to skate for the first time.

The winter of 2011-2012 has gotten off to a late and challenging start. Warm temperatures and lack of snow have been a challenge for ice making and outside winter activities. That said, White Park Pond is maintained by the City of Concord Parks and Recreation Department. Since the first opportunity the City crew had to get onto the pond in January they have been tirelessly preparing the pond and rink for the public and the 2nd Annual 1883 Black Ice Pond Hockey Championship.

Each of the 70 teams will complete in one of six divisions separated by age and ability. Each team will play a total of four games, two on Friday and two on Saturday, with the hopes of making it to Sunday's Semifinals and Finals. The teams, who are fortunate enough to be called 2012 Black Ice Champions, will also earn the coveted "Hobey Stick", a Hobey Backer era replica stick. The sticks are crafted out of ash by W.S. Dennison and also engraved by Mark Ruddy, both of Concord, are a great showpiece of hockey. For more details on Hobey Baker's carrier at St. Paul's School please visit our website at [www.blackicepondhockey.com](http://www.blackicepondhockey.com).

White Park is settled in a neighborhood in the middle of the City of Concord. We ask that you please respect people's property. Parking is allowed on ONE SIDE of the city street around White Park, please adhere to the parking regulations. There will be plenty of parking in the park. Please use the designated parking spaces in the paved parking lot as well as the parking available on the grass plowed areas around the pond. Our friends at the UNH School of Law located next to White Park have made their parking lot on Washington Street available to the players after 4pm on Friday and during the tournament on Saturday and Sunday. The Black Ice Shuttle provided by Patsy's Bus Sales of Concord will be available for all players on an "on call" basis. The shuttle will be able to deliver players and guests to the Official Main Street restaurants and official hotels. If Parking becomes an issue we hope to have the ability to use the shuttle for off-site parking. Parking will be at a premium, Concord residents are reminded to carpool!

Open container and public consumption of alcohol is not permitted in White Park as well as in the city streets. Public intoxication is not allowed in the city parks either. Please be smart!

We are all gathering to enjoy hockey in its purist form and bring us back to the roots of where the game started, on the pond, in Concord. The 1883 Black Ice Pond Hockey Association, a non-profit entity has a mission to help maintain and expand ice skating opportunities throughout the City of Concord. Concord, like many northern cities, had ponds and sheets of ice maintained in many city parks for public use. But over the years city budgets were trimmed and skating opportunities vanished. Our goal is to bring back the skating opportunity, as well as, work with independent entities like Concord Youth Hockey to make the initial hockey experience more affordable. We hope that we can expand this opportunity to many areas in the City of Concord in the future. We can only wish for great weather, but we all embrace the experience.

**Enjoy!**

Each of the 70 teams can have up to 7 players on their active roster but are only allowed 4 players on the ice at any time. Games will consist of (2) two 15 minute periods, running time with a 3 minute warm up, and a 3 minute break between periods. There are no goalies in pond hockey; in fact there are no regular hockey nets. Goals are a 6x2 ft. box, made with 2x6 planks, with two 1 ft. slots in the front corners. Goals can only be scored by sliding the puck through the slot into the box. The games will be policed by the players, like a pond or a street hockey game in your youth, where you settled the differences. Sportsmanship is mandatory; any behavior to the contrary will not be tolerated. Fighting is not allowed and will cause the team to have to play a man down for the entire tournament. The player in the fight will not be able to play for the remainder of the tournament. The Tournament will provide a rink monitor will confirm goals, penalties and possession of the puck. There are no zambonies in pond hockey; it will be customary that the team vacating the rink from the previous game will shovel the ice shavings off the rink that was just used allowing the new game to have a fresh sheet of ice. Natural pond ice is very different than artificial ice in an arena. Our maintenance crew will be working tirelessly on any ice imperfections to make the experience as enjoyable as possible as well as the Concord Parks and Recreation Department who will be on-site to further sweep each rink as frequently as needed. ## RINK SPONSORS

In addition to maintaining and expanding ice skating opportunities in the city, the 1883 Black Ice Pond Hockey Championship would like to honor and celebrate the rich hockey heritage that has occurred in Concord, New Hampshire. The inaugural tournament recognized St. Paul's School in Concord as the home of the first organized hockey game on November 17, 1883. The Great Hobey Baker played the game of hockey on the ponds at St. Paul's School. In addition to St. Paul's we have referenced on the Black Ice website the many players including Olympians Doug Everett '28 and Tara Mounsey '98, '02 and countless other players as well as the numbers of youth, high school and semi-professional teams that have called Concord their home.

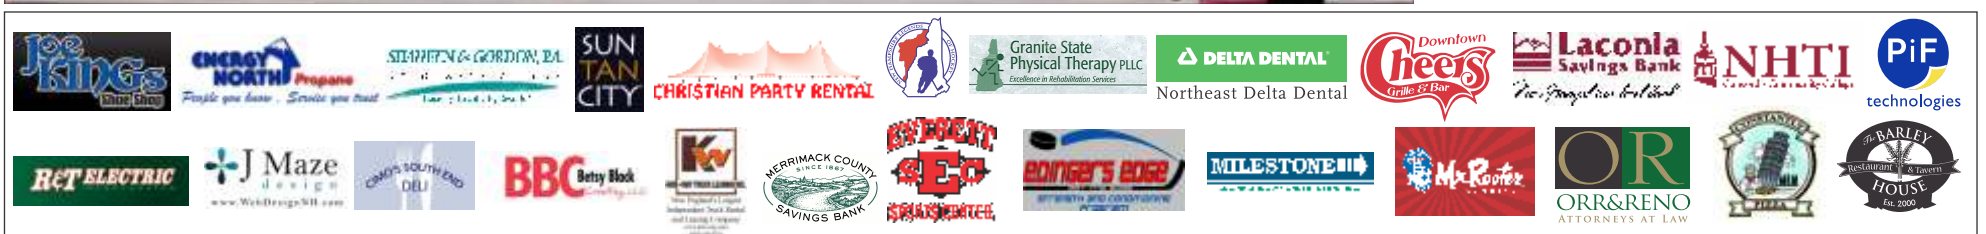

This year's 2nd Annual 1883 Black Ice Pond Hockey Championship would like to acknowledge "The Sacre Coeur" Sacred Heart Hockey Club. The Hearts played on an outdoor rink behind Sacred Heart Church on Pleasant Street in Concord from the early 1930's through the winter of 1952. The highlight was in 1952 when the "The Sacre Coeur" hosted the US Olympic team for a game before the Oslo Olympics. The Hearts lost 8-6 after leading 5-3 after the second period. In October 2011, The Sacred Heart Hockey Club was recognized by the The New Hampshire Legends of Hockey. Several of the Sacred Heart Alumni were in attendance for the inaugural Black Ice Pond Hockey Championship and will enjoy the games and the celebration of hockey again this year.

### The Spirit of Hobey Baker

Posters and limited additional prints will be on-site to purchase at the Black Ice Merchandise Trailer on-site at White Park. The original painting is also available for purchase. While picking up a poster or print don't forget to purchase some of the full line of Black Ice Merchandise.
